رفيقك الذكي للمسافر العادل · AI TRAVEL FAIRNESS COMPANION

Before you book, Sherah tells you what **nobody else** **will.**

Type in any flight or hotel. Sherah checks if the price is fair, when to go, who to trust, and your rights — before you pay.

of flights were delayed or cancelled in 2025 — most travelers never claim what they're owed.

Hidden

fees and personalized pricing mean you may pay more than the person next to you.

on your side — Sherah is paid for fairness, never for pushing you to book.
